

# Your neighbor Robin Rowe is running for Beverly Hills City Council!

## Make a difference! Solutions not slogans:

- No more suing ourselves, with Beverly Hills now suing the state and county, after previous lawsuits have cost us as taxpayers over \$30 million while changing nothing
- Restrict leaf blowers, because residents object to the noise and pollution
- New on-street parking permit mobile app, because working residents can't spend 20 minutes calling city hall
- Block infectious diseases by providing doctors who make free house calls, because busing contagious residents to hospital waiting rooms makes more people sick
- Use AI traffic shaping to reduce traffic congestion
- Green energy grid, conventional power plants triggered \$30 billion in megafire losses
- Tree safety, avoid unstoppable megafires here
- A Beverly Hills business innovation, to create high-paying jobs here
- A restaurant in every retail city block, and zoning laws that support it
- Free DL higher education for residents, higher pay without crushing debt
- A Beverly Hills skyway to move people between Rodeo and nearby shopping malls
- High speed residential Internet at half the price of big telcos would charge us
- Homeless safety net for residents, to prevent them becoming homeless
- Food safety net, redistribute wasted food from local grocery stores and restaurants
- A city crisis line, that residents may call 24x7 so we know who needs help and why
- Avoid arresting the homeless, not put them in a \$81,000-a-year prison cell
- Free laptops, mobile phones and a place to shower to the homeless so they can work
- Work on humane solutions to the problem of our non-resident homeless, who live downtown and commute to Beverly Hills to beg

If you're a Beverly Hills registered voter, or know one, please remind them to vote for Beverly Hills in the March 3<sup>rd</sup>, 2020, election. Two city council seats are being filled, so even if you already have a favorite candidate you still need to choose two.

For useful information about the election and links to all of the candidates, see:

**[www.RobinSRowe.com](http://www.RobinSRowe.com)**

- Robin Rowe for Beverly Hills
- The candidate not seeking campaign contributions, not asking you for money
- The candidate who has pledged to cap his total campaign expenditures at \$2,000
- No Facebook ads, no paid political ads, no free yard signs, just good solutions
